

FUTURE OF WEB DESIGN

NOVEMBER 15TH - 17TH 2010 NEW YORK

The Future of Web Design has changed! After the huge success of the new format in London, we're bringing the new look show to New York: two days of conference sessions, each with two tracks to choose from, and a day of intimate workshops, allowing attendees to gain a deeper understanding of their chosen topic.

SPEAKERS: BOWMAN, BOAG, MOLL, WALTERS, LA, BALKAN, SNOOK, VAN DAMME, MARCOTTE & MORE...

The Best of the Best - The biggest names in web design, presenting over 2 days of packed conference schedule.

Bigger than ever Before - Future of Web Design New York is now a two day, two track conference. That's around 400% more content than in 2009.

Covering the Most Important Subjects - We cover the topics that matter most to today's web designers and front end developers, including HTML5, CSS3, typography and UX.

Added Learning Opportunities - As well as two tracks of great content, there will be an extensive program of extra University sessions and expert-led design clinics running throughout the breaks.

Relive the Conference - Online videos of all sessions, with integrated slides, audio and full transcriptions will be made available to attendees after the event, allowing colleagues to benefit too.

Intimate Workshops - Full day (9am - 5pm) are also available to attendees wishing to delve deeper into specially chosen hot topics. Numbers are capped at 40 per session, ensuring a great learning environment.

Great Chances for Networking - With over 500 like-minded designers descending on New York for the event, and both structured and informal networkings sessions provided, it's a brilliant opportunity to meet new friends and forge professional contacts.

TOPICS: HTML5, CSS3, BUSINESS, IPHONE, UX, USABILITY, ACCESSIBILITY, WIREFRAMING & MORE...
